DESIGN INSPIRATION

Royal Delft Bloemdecor is a pattern inspired by the 'peacocks with personality' that have been the centerpiece of most of the Royal Delft masterpiece porcelain for hundreds of years, and the source of inspiration for designers and creators worldwide. The traditional floral design along with an Asian-inspired peacock is timeless. This modern, pared-down peacock sits on branches surrounded by flowers with a line-drawing feel on a soft palette with small colorized elements that respects the master artist's hand. This allows for a tone-on-tone soft livable feel that is very true to Royal Delft.
