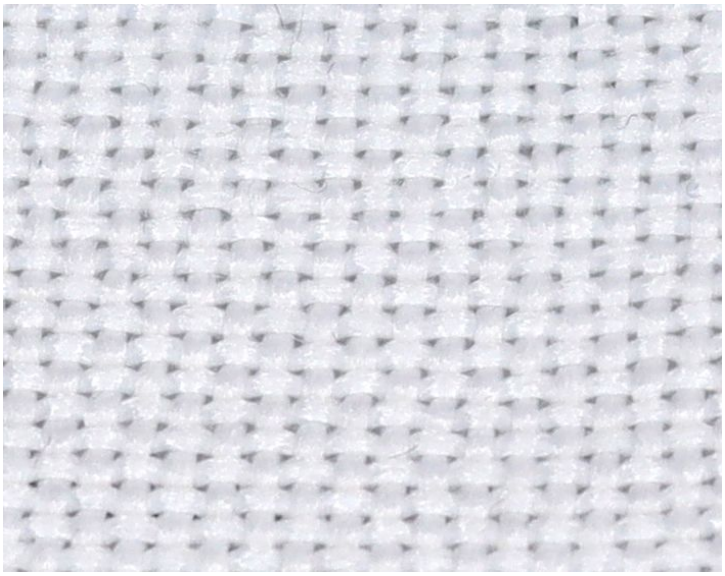
RECYCLING

BRIGHT WHITE • A9 0001 RECY

Plains / Textures from the Future Healing Collection by Aldeco



DETAIL IMAGE

APPROX. MATERIAL WIDTH	118" / 299.72 cm WIDE WIDTH
APPROX. REPEAT . .	HORIZONTAL 0" / 0 cm VERTICAL 0" / 0 cm
CONTENT	55% RECYCLED POLYESTER, 45% POLYESTER
SUGGESTED USE . .	MEDIUM DUTY DRAPERY
ABRASION	50,000 MARTINDALE
LIGHT FASTNESS . .	BLUE WOOL SCALE: 4-5
CLEANABILITY	DRY CLEAN ONLY
MADE IN	SPAIN
STOCKED IN.	SUPPLIERS WAREHOUSE EUROPE
DESIGN	PLAIN / SOLID
SCALE	PLAIN / SOLID

DESIGN INSPIRATION

With Recycling we focus on creating a future beyond tomorrow. Double width textured and heavy fabric made with recycled yarn suitable for bedding and drapery. Recycling uses yarn produced from pre consumer and post consumer waste, this prevents wastage of potentially useful materials and resources along with many other benefits. These recycled materials follow a complete and verified chain of custody from input to final product. In order to provide a traceability throughout the entire production process and to prove the level of recycled material, this fabric follows the Global Recycled Standards (GRS) criteria. The GRS is one of the most important organizations that internationally promote responsible and sustainable development in the textile sector. GRS aims to encourage the reduction of resource consumption (virgin raw materials, water and energy) and increased the quality of recycled products.
