## **DESIGN INSPIRATION**

Classic stripes have been reinterpreted in Forte, a modern Christian Fischbacher design created on the highest quality silk satin, which has fine silk in the warp and a viscose thread in the weft. Multicolored block stripes in different breadths alternate in a highly contemporary and balanced design. This results in a shimmering interplay that comes to life in a graphic rhythm with subtle color gradations set against a matt background. The high quality of the fabric is a result of the balance of the background and the vibrant stripe design in satin weave. Whether used as a curtain material or a wall covering, Forte suits a variety of different settings.
