#### DESIGN INSPIRATION

A special reversible curtain fabrics in double-width, and woven in 90% linen. The unique character of these fabrics is that they are made by overlapping three different layers of fabrics to create one beautifully structured woven textile. While a double weave is special but also a known technique in the textile market, three layers are truly exceptional! Trifiore is a double face fabrics, doubling the available colors. Trifiore shows scattered flowers created by the three layers of fabric, and means three flowers in Italian.
