DESIGN INSPIRATION

Marimekko's Bottna cotton fabric is decorated with a black-and-white pattern designed by Anna Danielsson in 2002. Over the years, the Bottna Print has become one of Marimekko's modern classics celebrated especially among those who favor the clear lines of Scandi-style home decor. The Jugend-inspired pattern depicts the leaves of water lilies, and it reflects the designer's concern for the state of the environment.
