DESIGN INSPIRATION

Topkapi Palace, Iznik style pottery, and the beautiful carpets in Palaces old and new, we tried to dream and reimagine an ideal Ottoman-inspired new kind of chic. Colors that are fresh and modern, blended with themes that date back hundreds of years, Topkapi Garden includes sumptuous velvets and Belgian linens, with metallic grasscloth wallpapers and wall panels. Wall panels that are uniquely designed to be cuttable at popular and 9', 10' and 12' wall heights, solving many typical issues designers have. Topkapi Garden is a pattern inspired by the Iznik tiled wall mural at the Topkapi Palace, in Istanbul, Turkey. A garden of cypress trees, tall as minarets and underplanted with hyacinth bells, has been immortalized on tiles in an alcove in the harem, once the most private-and forbidden-part of the palace. --Nicolette Mayer
