DESIGN INSPIRATION

An all-over coral pattern is woven in luxuriously dense viscose pile, for a plush and textured upholstery fabric. Small dots of color are woven into the cotton ground, accenting the nature-inspired design. The medium scale and versatile palette makes this an easy fabric to layer into a variety of rooms, when used as upholstered chairs and settees, headboards or decorative pillows. The palette is sea-and-sand inspired, in hues ranging from watery Lagoon to a coral-like shade of Carnelian.
