DESIGN INSPIRATION

Composed of 100% silicone with a polyester backing, this pebbled faux leather is ideal for both indoor and outdoor use. With a supple hand and fine embossing, Lucille - Outdoor offers a breadth of attributes needed for contract specification. In addition to surpassing standards for durability, silicone boasts a range of environmentally sophisticated properties, including: inherently anti-fungal, anti-mildew and doesn't support microbiological growth; no PVCs or solvents; complies with California Section 01350 VOC Emission Standards for safer indoor air quality; odorless; and qualifies for LEED v4 points.
