DESIGN INSPIRATION

[Inspired by a woven scroll cover](#) produced to accompany the Qianlong emperor's calligraphy, the Dragon Tableau fabric celebrates the visual culture of the Qing dynasty, the last in China's imperial history. In Chinese culture, the dragon represents good luck, strength, and health. Our textile features both a four- and five-clawed dragon- the four-clawed dragon denoting lower ranks, and the five-clawed dragon representing the emperor.

Our Dragon Tableau is a brocaded jacquard fabric that is suitable for curtains, light upholstery, and even walling.
