DESIGN INSPIRATION

Leaping Cheetah pattern featuring cheetahs frolicking against a backdrop of saturated color. From a children's room to a townhouse, this pattern is graphic, fun and ever so bold with a nod toward high fashion. The colorful Leaping Cheetah porcelain ice bucket is available in clementine orange, bubblegum pink and rich teal. Perfect on the bar or kitchen island --- it gives a color pop to your decorating. The leaping cheetah container is scaled for champagne, or wine. We suggest adding a layer of bubble wrap to the interior bottom, then ice to chill your beverage. The ice bucket may also be used for florals or branches. Measuring 9"H x 7" diameter--you can fill it with an impressive spray of flowers. Materials: porcelain. Size: 9"H x 7" diameter. Shipping: ground shipping item.
