SAXONY EMBELLISHED TAPE

PEARL • SC 0001 T3337

Embroideries, Leathers / Faux Leathers, Tapes from the The Metropolitan Museum Of Art Collection by Scalamandre

DESIGN INSPIRATION

Combat on foot between contestants separated by a waist-height barrier was a popular sport in European courts during the 16th and 17th centuries. Our Saxony products are inspired by the patterning on combat armor commissioned for [Christian I of Augsburg](#) during the 16th Century. The gilded adornments cover the breastplate and additional detailed areas to give the work a sense of craftsmanship and regal delicacy.

Embroidered on 3 inch wide faux leather with detailed beading outlining the intricate pattern repeating every 3.15 inches, this refined and elegant tape coordinates with Saxony Scroll Wallcovering.
