#### DESIGN INSPIRATION

Aditi is full of character, ambience, vigour and vibrant colors, just like the home country of silk, India. This open-weave silk offers a lot of texture and surface interest due to the variance of weft yarns used and therefore never fails to impress. Each item is a unique piece due to the nature of the raw material. In case of the crushed items, the unpredictable crush lines create an optical illusion; what seems so irregular and bumpy is in reality completely flat.
