DESIGN	ANIMAL SKIN DOTS / CIRCLES SMALL SCALE
SCALE	SMALL

DESIGN INSPIRATION

Etosha Velvet gives the natural look of a skin pattern interpreted in a glamorous, silky Bemberg viscose cut pile weave. The plush hand and subtle shimmer of this fabric are enhanced with great durability, making it an ideal option as upholstery for settees, chairs and ottomans. The dotted all over design is timeless and is the perfect scale for adding an accent of pattern to a modern setting, or layering with other prints and weaves in a traditional room.
