### DESIGN INSPIRATION

Colorpop is very much an abstract midcentury moderne pattern that embraces today's most timely trends toward muted, earthy color-gray blended with warm colors, and a rise in colors that are associated with optimism, like rich inviting yellows and oranges, cool blues, pinks and beiges. Colorpop's mod vibe mixes the French early 60's mod of Courreges, psychedelic foil 60's wallpapers, vibrant color pale and midcentury influences.

This wallcovering features Silk Touch a stunning luxury fabric faux silk wallcovering, perfect for creating a stunning, contemporary silk wallpaper look. Richly patterned, with the tell-tale slubs in Silk without the extraordinary cost and difficulty of care. Metallic silver gives a subtle shimmer to the Silk Touch wallpaper. Both modern and traditional at the same time, this paper is very versatile.
