DESIGN INSPIRATION

The Crested Crane Mural is uniquely designed to be cuttable at popular 9' and 10' wall heights, solving many typical issues designers have. They can be ordered as is, with or without the chinoiserie trellis (that enables easy cutting without cutting into the panel), or rescaled to custom heights for extra-tall walls. Even custom color options are available.

Use this item, WNM SET1 CRES, to order the full 6 panels. Individual panels can be ordered, please contact your sales representative or customer service for assistance.
