DESIGN INSPIRATION

This design is part of the collection inspired by Carl and Karin Larsson, an iconic and beloved Swedish design family active in the 19th century. The design duo still inspires the whole world with their artistry, their home, and their way of living. The garden at Lilla Hyttnäs was not only beautiful, but it was also part of their livelihood. They grew both vegetables and fruit, which the entire family helped out with, to harvest and conserve. Kvitten, a pattern from our archives, tells us the story about the rich greenery in the wilder parts of the garden.
