DESIGN INSPIRATION

This design is part of the collection inspired by Carl and Karin Larsson, an iconic and beloved Swedish design family active in the 19th century. The design duo still inspires the whole world with their artistry, their home, and their way of living. The chestnut tree is a beloved motif by Carl Larsson, the famous Swedish painter, featuring a set table offering "Swedish Fika" in a shady part of the garden. Our version of the chestnut is a wall mural with beautiful branches that gives the illusion of hanging down from the ceiling, adding height to a room. It comes in lovely color shades and works perfectly in a living room for example. The Carl Larsson family loved to have a break and "a Fika" at their inspiring home, Lilla Hyttnäs and one can imagine the refreshing shade under the greenery of the chestnut tree.
